Dear ones,

I send you and sending you
Sem-Ber taken at L. Brodon
"De la creation etc"

If you need it very much
I will send you, but tell me which
you need. Don't forget to return S-Ber.
when you will not need it any more.

Why don't you write for R.B.
and especially for the next issue an
article about Engels. But it won't
harm to let them know that you
are writing it and will send it to
them, otherwise they might somebody
else to write.

be able to do something with
the article about Belo...
