

[Ekaterinoslav]

Will you be able to meet him at the terminal. If you could do it - he will send you a note from the way to let you know when he comes and will send you a snapshot, you should know what he looks like.

You will spend a few pleasant hrs. with him. This is a very educated and knowledgeable man.

~~A~~ ~~Do you~~ will you do it? Write about it anyway because 25-th I am going in the direction of Moscow, and if you won't write, we will lose each other's site. Soon my pictures will be ready - I will ~~write~~ send them, when I will know exactly the address and whether "you really want to have my picture".

Give my regards ~~to~~ ~~to~~ V. . . . and tell B. . . . that I figured him out finally. It means nothing else is in site.

I wait an answer
