## INTRODUCTION

### What is Public Participation in the Context of Homa Bay County?

The public participation process entails an interaction between the Homa Bay County government and the public (including stakeholders and organized groups) designed at making satisfactory, better and informed decisions with regards to governance and administration. The process involves informing and listening, dialogue, debate and analysis, implementation and, monitoring and evaluation of agreed solutions for socio-economic transformation in line with the **Genowa Agenda**.

### Key Legal Frameworks for Public Participation in Annual Development Plan FY 2026/27

The involvement of the public in planning/formulation, implementation, and oversight is anchored on the following provisions:

- a) Sovereign power which belongs to the people and can be exercised either directly through citizen participation or indirectly through democratically elected leaders.<sup>1</sup>
- b) National values and principles of governance include public participation as underscored in Article 10 of the Constitution.
- c) Right to participate in decision-making is guaranteed specifically under Articles 118(1) (b) and 196(1) (b) of the Constitution and directs the national and county legislatures to respectively “facilitate public participation” in their work. This underscores the fact that the election of representatives does not negate the need for people to continuously be involved in governance processes.
- d) Equality - Article 27 of the Constitution guarantees equal participation in decision making processes including the legislative activities.
- e) Freedom of Expression - the freedom of expression including the freedom to seek, receive or impart information or ideas including during public participation processes is guaranteed under Article 33 of the Constitution of Kenya.
- f) Right to access information - Article 35 of the Constitution as well as the Access to Information Act, No. 31 of 2016 guarantee every citizen the right to access information held by the State and its agencies.
- g) Sec. 117(a) of the PFM Act, 2012, mandate County government to involve the public, interested groups, and any other organized forums established by legislation for a public participation in all budget and planning processes.

## METHODOLOGY

In conformity with Article 220[2] of the Constitution of Kenya, 2010 and Section 126 of the PFMA, 2012, the County Government of Homa Bay in the process of making the County Annual Development Plan (C-ADP) for the Financial Year 2025/26 recognized the role of the Public in development and policy planning as outlined in Articles 1,69[d] and 201 of the Constitution of Kenya, 2010 and Section 207 of the Public Finance Management Act,2012 and therefore invited the general public, residents, youth, special interest groups, stakeholders in a consultative forums on the HBC-ADP for Financial Year 2026/27 from 19<sup>th</sup> August- 21<sup>st</sup> August, 2025 from 9:00AM to 4:00 PM with the gazette notice annexed for the Ward Cluster Public Participation subsequently after village cluster and sub-ward cluster level public participation had occurred.

The PFM Act 2012 provides for public participation in County Governance processes with an emphasis on involving stakeholders during the preparation of county policies, plans, laws and assessing county performance. Consequently, the development of this report involved wide stakeholder consultations, including sector consultations, public hearings, and the County Budget and Economic Forum. Effort was made to expand engagement and enhance collaboration towards development of a sound plan with priorities as discussed by the parties involved. There was involvement of Civil Society Organizations who are Budget and Planning champions from different wards hence are able to monitor and evaluate the Key Issues raised within their respective wards. This engagement on County Annual Development Plan was made public on *The Standard* newspaper publication of August 9, 2025 (page 9). Further, it was circulated publicized in various social media platforms and county website.

Apart from the ward-level consultations, village cluster level and sub-ward level consultations were organized with the assistance of the Ward Administrator prior to the Ward-level Public Engagement. Besides that; brainstorming sessions, views, thoughts, and opinions received by the County Treasury in the form of written memoranda, received through email and the suggestion box, have also been considered in the various sector reports. Besides, written submissions or memoranda shall be received at the venue or can be emailed through [finance@homabay.go.ke](mailto:finance@homabay.go.ke) or mailed P.O. Box 469- 40300 Homa Bay or be handed to the Sub-County or Ward Administrators' Offices before or on 21<sup>st</sup> August 2025.

## REPRESENTATION

To ascertain equity and fairness in the representation, the public were purposively sampled from every village cluster with diversity in gender, age, regional balance and religious variety. There was also a fair representation of people abled differently, women, youths, retired and practicing professionals, opinion leaders CSO Networks and their leadership and state officers. During the public participation, the turnout was 866 of which 760 were from the public and 106 were trained state and non-state actors.

## CONCLUSION

In conclusion, the public participation for the Annual Development Plan for Homa Bay County for FY 2026-27, was constitutional and adhered to the County Public Participation guidelines as stipulated under the various requirements of the law. The exercise covered all the 40 wards for the three days mentioned across all the 8 Sub-Counties and were held within the various wards. The non-state actors were purposely selected whose residential areas are within the specific wards and were trained together with the state officers to ensure uniformity and monitoring of the project progress within the wards. Significantly the public participation was supported by the HB-CIDP (2023-2027), the GENOWA Agenda, BETA Agenda and MTP IV.

## Promises galore as Ruto, Raila bid to strengthen union

President William Ruto with ODM leader Raila Odinga at the funeral service of Phoebe Asiyu in Homa Bay County, yesterday. (Michael Mure Standard)

- ▶ The President unveiled a new package of benefits for the Nyanza region and pledged to complete several road projects.
- ▶ The Head of State said that in honour of the late Karachuonyo MP Phoebe Asiyu, he would implement the Nadco report to realise the two-thirds gender rule.

**JAMES OMORO AND RODGERS OTISO, HOMA BAY**

President William Ruto intensified his bid to entrench his support in the country yesterday with a wave of promises to achieve the two-thirds gender rule, transform Nyanza's economy, and compensate victims of the country's political upheavals.

The President rallied support for their union with ODM leader Raila Odinga and claimed they have put the country on the right path to success.

Ruto unleashed a fresh bag of goodies to the Nyanza region and promised to complete various road projects.

For a duo keen to pacify support across the country, the burial of the late Karachuonyo MP Phoebe Asiyu in Homa Bay County, yesterday, provided a platform to drum up support for the National Dialogue Committee (Nadco) report.

The President stated that in honour of the late MP his administration will ensure that they achieve the two-thirds gender rule through the implementation of the Nadco report.

"My administration is going to implement the one-third gender rule, and affirmative action will be applied in certain circumstances," Ruto said.

The gender rule requires that each position in the public sector is occupied by not more than two-thirds of a particular gender.

Female leaders in Kenya have been complaining about gender imbalance in various job opportunities in the country.

The President promised to implement the ten-point agenda, which is part of the memorandum of understanding (MoU) he signed with Raila during the formation of the broad-based government.

Ruto said Kenya Kwanza and ODM MPs are

going to meet next week to plan modalities of making legislation for the implementation of the agenda.

"Our MPs are going to have a parliamentary group meeting to plan how they will make legislation for augmenting the implementation of the ten-point agenda," Ruto said.

Ruto argued that the MoU he signed with Raila must be implemented to the letter.

"Raila and I have agreed that the MoU we signed is implemented to the letter. We want to ensure proper implementation of the Nadco report, enhancing devolution and other resolutions," Ruto said.

Raila rallied his support base to continue backing the President and his regime, and claimed that he has no apology for his decision to collaborate with Ruto.

He defended his decision that Kenya risked plunging into anarchy, hence he had to shelve his political interests for the sake of peace and unity.

Raila hit back at his critics who blame him for abdicating his roles as an opposition leader.

"I don't owe anybody apology for working with President Ruto. The people who are complaining of our co-operation do not understand the history of Africa. I did not want Kenya to plunge into anarchy like Somalia, Sudan, Libya and other African countries," Raila said.

Raila expressed commitment that his ODM party will work with the government until 2027.

"We must work and till 2027 for the development of our country. When that time comes, we will talk again on the way forward," Raila said.

He told residents to shun government critics for the sake of Kenya's development.

"People need shelter, food and other basic items in order to live. But we cannot achieve this in a chaotic situation," Odinga said.

ODM National Chairperson Gladys Wanga said some leaders were criticising the broad-based government because of jealousy with ODM.

"They want us to leave the government so that they can replace us," Wanga said.

Prime Cabinet Secretary Musalia Mudavadi said the broad-based government will unite Kenyans.

"We must all work together to promote unity in our country," Mudavadi said.

**PUBLIC CONSULTATION ON THE HOMA BAY COUNTY ANNUAL DEVELOPMENT PLAN (CADP) FOR FY 2026/27**

In accordance with Article 220(2) of the Constitution of Kenya, 2010 and Section 126 of the Public Finance Management Act, 2012, the County Government of Homa Bay is preparing its Annual Development Plan (ADP) for the Financial Year 2026/27. Resounding our commitment to good governance and accountability, the county recognizes the role of the public in development and policy planning, as provided for under Articles 1, 69, and 201 of the Constitution of Kenya, 2010 and Section 207 of the Public Finance Management Act, 2012. Consequently, the County Treasury of Homa Bay invites the general public, stakeholders, persons with disabilities, youths, civil society organizations, and interested groups to participate in the planned consultative forums on the CADP for FY 2026/27 scheduled from 19<sup>th</sup> to 27<sup>th</sup> August 2025 as detailed in the table below.

Besides, written memoranda/proposals on development priorities, financing, and strategies can be submitted through email address [finance@homabay.co.ke](mailto:finance@homabay.co.ke), hand delivered to Ward or Sub-County Administrators, or mailed via P. O. Box 489-40300 Homa Bay, not later than 27<sup>th</sup> August 2025.
