(N. 15324.—1.3.1915.)

During the period of the war as from the 1st January 1915, men employed as trainers in turrets for guns of 7·5-inch and larger calibres may be given the rating of Acting Gunlayers and receive the extra pay.

Men employed as trainers in pair-gun turrets may be rated Acting Gunlayer 2nd Class, and those in single-gun turrets, Acting Gunlayer 3rd Class.

In all cases a special notation is to be made on the Gunnery sheets of these men to the effect that they have received this acting rating as turret trainers.
