**Turrets—Gunner's Mates for Supervisory Duties—
Acting Gunlayers, 1st Class, not to be Rated.**

(N. 3947.—2.11.1923.)

Acting Gunlayers, 1st class, are not to be rated to provide the non-substantive increase in complements referred to in A.F.O. 951/23, the intention being that until the Gunlayers, 1st class, allowed in the revised complements become fully available the ships concerned should, as a temporary measure, utilise Gunner's Mates in lieu.
