

\*876.—Badges for Gunnery Ratings

(V. 1327/39.—30.3.1939.)

Letters for addition to existing naval gunnery badges to adapt them for wear under the new organisation, and new gunnery badges, complete with letters, are now becoming available at the home victualling yards. Particulars of the pattern numbers and the current issuing prices are given below.

2. H.M. ships, etc., are to forward to their normal storing victualling yard, as early as practicable, demands for requirements of these badges, differentiating between those required (a) for free issue in accordance with A.F.O. 342/39, paragraphs 2 and 3, and (b) those required for stock. Requirements for (a) will be given priority of supply.

3. No stocks have yet been provided at victualling yards abroad, but for the present the Victualling Store Officers are to report the quantities required to meet demands from H.M. ships under headings (a) and (b) above to the Director of Victualling.
