MANNER OF WEARING ORDERS, DECORATIONS AND MEDALS.

1. Orders, Decorations and Medals are to be worn laid down for Naval Officers (including occasions when evening dress and dinner jackets are worn) with the exception that:—

Miniature medals are to be worn when Naval Officers wear miniature medal ribbons.

2. (a) *Orders, Decorations and Medals*—are to be worn in a horizontal line suspended from a single brooch of which no part is seen and in the order of precedence laid down for Naval Officers. The brooch is to be placed directly over any ribbons already stitched to the garment.

Medals are to be worn so as to show the Sovereign's head, or obverse side. The first earned clasp is to be worn nearest the medal.

When decorations and medals are worn, the ribbons are to be normally $1\frac{1}{2}$ inches in length. When two or more decorations and medals are worn, they are to be so arranged that the lower edges (or points of stars) are in line. Owing to the differing lengths of decorations and medals it may be necessary for the ribbons to be of greater length than $1\frac{1}{2}$ inches. The addition of a number of clasps to a medal may also necessitate the wearing of a ribbon of more than $1\frac{1}{2}$ inches.

(b) *Mess Jackets*.—Miniature medals are to be worn on the lapel of the mess jacket $\frac{1}{2}$ inch below the Corps Badge or equivalent position. They are not to extend beyond the lapel on the inner side.

3. *Medal Ribbons*.—When no medals are worn, ribbons $\frac{1}{2}$ inch long are to be worn without intervals on the left breast of blue uniform, khaki drill, blue and khaki battledress.

Order of precedence of wearing is to be from right to left, starting with the top row. Normally, if the total number of ribbons does not exceed five, they are to be worn in one row, but in no case is the row to extend to the right further than the outer edge of the lapel or to the left further than $\frac{1}{2}$ inch from the shoulder seam. The row is to be sewn $\frac{1}{2}$ inch above the top seam of the left breast pocket—centrally above the pocket button. With Khaki drill, the ribbons are to be worn on a metal bar or bars.

When more than five ribbons are worn or where the space available does not permit five ribbons being worn in one row, any additional row or rows are to be worn above the first row, the lower row to be full. Rows of ribbons are to be $\frac{1}{2}$ inch apart, but this may be reduced if rendered necessary by the number of rows and the space available. The additional row (or rows) is to be sewn as nearly centrally above the pocket button as practicable, but it is in no case to extend beyond the ends of the bottom row.

4. *Neck Orders*.—An officer in possession of one badge is to wear it round the neck with the ribbon under the shirt collar and the badge over the tie. An officer in possession of badges of more than one Order is to wear the badge of the highest grade as above described, and the second badge is to be worn below the other, suspended from a ribbon emerging about $\frac{1}{2}$ inch below the top button of the jacket. The ribbon is to be fastened by a hook to a small eye stitched inside the jacket.
