Signalling Badges—Change of Pattern.

It has been notified that the pattern badge for Signallers, *i.e.* "Flags, crossed, *Worsted*," has been altered to "Flags, crossed, *Gold*," future demands should, therefore, be for badges of this latter description.

The present stock of worsted badges are, however, to be exhausted before demands are put forward for the new pattern.

The R.A.C. department has been requested to cancel any worsted badges demanded in the Annual requisitions for 1898-99, (Ch. 48, Po. 48, and Ply. 72).
