## 171. AUTHORISED CORPS MARCHES

1. Article 1110 of RMI's no longer reflects the wide use of the march "Sarais Marais". The final sentence should read:

"In addition the quick march "Sarais Marais" may be used to commemorate the derivation of the name Commando, given in 1940 to the newly raised raiding units and the service of a number of South African Officers seconded to the Corps during the Second World War".

2. RMI Article 1110 will be amended in due course.
