LOWER SECONDARY LEVEL EXAMINATIONS
S.1 GEOGRAPHY
1 HOURS

DURATION: 1HR

INSTRUCTIONS

ATTEMPT ALL NUMBERS

Item 1

You have observed that a dominant vegetation type in your home area is disappearing due to human activities .This has subsequently reduced the amount of rainfall received and increased temperatures in your home area.

Task

Write a plan of activities to restore the vegetative, increase rainfall and reduce temperatures in your home area

Item 2

Supposing your eldest sister has graduated with a bachelor degree in surgery from makerere university being the first born in family , your parents plan for a graduation party at your home. Some of your relatives live in Europe and have never come to Uganda but would wish to be part of the celebration

Task

Prepare a special invitation card that you would email to the guests in Europe guiding them on the location of your home district

Item 3
