

Scans are better with Office Mobile

Try these new features!

Deep Scan

Extract text and images from a physical document with our advanced technology. Simply tap the  icon to get started.

Bulk mode

Scan multiple pages, make the edits you need, and save them as a PDF, or as Images. Tap the  icon to start using bulk mode.

Auto Capture

Just point your camera at anything you need to scan, and it's captured automatically. Tap the  icon and leave the scanning to us!

What's more? Now you can capture up to 100 images in a single scan!

Happy Scanning!
