SUBJECT: ICT PAPER 1
CLASS: SENIOR THREE
DURATION: 1HOUR

INSTRUCTIONS

Attempt one (1) question

ITEM 1

Monica is a college student who recently bought a desktop computer for her studies. When she unboxed it, she saw several parts; a monitor, a keyboard, a mouse, a CPU tower, speakers and a power cable. However, she is confused about how each part functions

TASK

Explain the role of each part of the computer system that Monica received?

How do these components work together to allow Monica to complete her school work?
