

GEOGRAPHY TEST 2026

ITEM ONE

Betty and her family have been living in a foreign country for the past forty years. The family plans to return to their homeland in East Africa, where they intend to establish their home in the highland areas. In these highland regions, they hope to engage in various economic activities.

Recently, they received photos showing highlands, as shown below, but they have little knowledge of the geography of the region to help them make an informed choice.

Support material.

Task

- a. Draw a landscape sketch of the area shown on the photograph and show physical features and man-made features.
- b. Describe the relief of the area shown in the photograph
- c. Explain the ways through which their new home area is going to support their economic activities
- d. Explain the challenges which may strike their new home area and suggest the possible solutions.
